

Linda Birch Week 7 Painting Observation

Here is this week's project. 'Multum in Parvo'!

I enclose some photographs of a rock. Make a drawing of the rocks and join them together on a straight line as in my drawing. Then using the colours of the rock paint in any medium or make a tonal drawing to create a range of mountains. Paint water underneath and you can add a reflection of you wish, thus creating a landscape.

Enjoy! Linda
